*SUPREME COURT OPINION.*

We give the following from the Knoxville (Tenn.) *Daily Press and Herald*, as a matter of interest to the general reader, and of especial interest to the Bar:

September Term, Knoxville, 1870; Joseph B. Heiskell, Attorney General and Reporter; No. 452; H. H. Ingersoll vs. A. W. Howard, Judge, &c.

The Act of 1868, c. ——, § 5, requiring the courts to administer the abjuration of the Ku-Klux, to "all officers," did not apply to Attorneys.

The courts had no power to require such oath, by a general rule.

If a judge improperly exclude an attorney from practice, and refuse to put the order on record, or allow him to appeal, he is a proper defendant to a mandamus, and liable for cost.

From the Criminal Court of Greene, A. W. Howard, J., presiding.

This cause being docketed in the name of *H. H. Ingersoll vs. the State*, on motion of the Attorney-General, it was ordered that the same be corrected, so as to stand *H. H. Ingersoll vs. A. W. Howard, J.* In support of the motion he cited *Evans vs. the Justices of Claiborne county*, 3 Hay., 26, 29. *Secter vs. the Justices of Washington county*. Peck, 334, 361, and Hardin *vs. the Justices of Hardin county*. Peck, 291.

OPINION.

At the March Term, 1869, of the Criminal Court of Greene county, the following rule of the court was read in open court, and ordered to be spread of record, as an order of court.

"Order or rule of court.

The subject matter of establishing a uniform rule of practice, for the government of attorneys practicing in the Criminal Court, in the First Judicial Criminal District of Tennessee, under the Act of the General Assembly of the State of Tennessee, passed on the 10th day of September, A. D., 1868, entitled "An Act to preserve the public peace," being under consideration; the Court is pleased to order and direct, that it shall hereafter be an established and uniform rule of the Court, in the First Judicial Criminal District, that all attorneys proposing to practice in said Court, in any of the counties in said district, before being permitted to do so, shall, under oath, give satisfactory evidence that they are in no way associated, obnoxious to the provisions of said Act of Assembly, passed on the 10th day of September, A. D., 1868, as required by said act, as the same is construed and understood by the Court. The above rule shall be peremptory and uniform, until, such time as the same may be altered or modified by the Court. It is not made with a view to oppress, nor with a view of making invidious distinctions, but in compliance with, what is understood by the Court, to be a solemn duty, made so by the provisions of said Act of Assembly, this January 12th, A. D., 1868.

Upon the entry of this rule upon the record, the Criminal Judge, A. W. Howard, ordered the Clerk to destroy the old roll of attorneys and make a new roll, and to enter the name of no attorney thereon, who had not complied with the above rule. In obedience to this order, the names of the attorneys were stricken from the roll, including the name of H. H. Ingersoll, the petitioner, who had been, for six months, a practicing attorney in said court. Petitioner inquired of the Judge in open court, if such was the order of the court, whereupon, the Judge ordered the clerk to read said rule for the information of the attorneys present. Petitioner then stated to the Judge, that he was not obnoxious to the provision of the Act of Assembly; and, that he was opposed to the *Ku Klux Klan*, and all other secret political organizations in existence in Tennessee, U. S.; but, as the rule was a new or in the case, and the oath extraordinary, he asked the privilege, in behalf of himself and brother attorneys, of being heard upon the same, but the privilege was "insultingly refused." Petitioner then stated to the court, in a respectful manner, that as there was a wide difference of opinion upon the construction of said Act of Assembly, between the presiding Judge and all the other Judges of this section of the State, he wished an authoritative construction of the same, from the Supreme Court; and, in order to obtain, it, asked the Judge to have a motion entered of record, that petitioner be permitted to practice without taking the oath prescribed in said order, and to decide the same, that petitioner might have something from which to appeal to the Supreme Court. But this motion, the court refused to enter of record, and fined petitioner, for contempt of Court, in making such a request, and peremptorily ordered him to take his seat, saying, that petitioner had no right as an attorney or a party, to be heard in that court. Petitioner then procured another attorney, who was not under *ban*, to make the same motion for the same purpose, but the Judge peremptorily refused again to enter said motion of record, and threatened to fine said attorney for contempt; at the same time stating, that he would not permit the correctness of that rule to be called into question, nor would he permit anything to go of record, from which an appeal could be taken. The attorney, aforesaid, then stated, that he would prepare a bill of exceptions to the action of his Honor, in refusing to allow the motion to be entered, but the court replied, that he would not sign any bill of exceptions to the action of the court in the premises.

In April, 1869, the said H. H. Ingersoll presented his petition, for a mandamus, to one of the Judges of the Supreme Court, in which the facts already cited were alledged, when the said petition was granted, and the said A. W. Howard, required to appear and show cause why a peremptory mandamus should not issue, commanding him to have the proceedings complained of, entered of record, to the end that the same might be revised in the Supreme Court.

On the day fixed, the said A. W. Howard, entered his appearance, in the Supreme Court, and filed his answer, in which he states, at great length, his reason for adopting the said rule, and for refusing to allow petitioner's motions to be entered of record. He states, that the "act of the 10th of September, 1868, being placed in respondent's hands, and sworn, as respondent, was, to administer the law faithfully, and finding in the 5th section of said act, the following language, viz: That it shall be the duty of all the courts of this State, at every term, for two years, from and after the passage of this act, to call before it, all the officers thereof, who shall be sworn, and have this act read, or explained, to them, and the court shall ask said officer, if they shall have any knowledge of any person in the State, or out of the State, that shall be guilty of any of the offences, contained in this act," &c. "Construing the 5th section of said act, as including attorneys, as officers of the court, in the meaning of the makers of the statute, he had no alternative left him, in the court of his own conscience, but to administer to them the oath, in connection with the officers of the court," and hence, he adopted the rule, already set out. The reason of the respondent for not allowing petitioner's motions to be entered of record are stated as follows, viz: "that respondent did not regard the said Ingersoll as being associated in any way, obnoxious to the act of September 10, 1868, and had to refer his motive in resisting the rule, to some other cause.—And the conduct of Mr Ingersoll, warranted such conclusion. That he manifested a disposition to brow-beat, and over-ride the court, and bring its authority into contempt; believing this, respondent may have acted with some degree of promptness, which respondent might not, upon other occasions, show, justified the courtesy was shown. Respondent believed at the time, and still believes, it was an absolute duty to the bench, to inflict some degree of punishment upon Mr. Ingersoll, which respondent believed at the time, and still insists, was done in leniency and forbearance."

As a further reason for not allowing petitioner's motion to be entered of record, respondent says: "To say that all the rules of the Circuit, Chancery, and Criminal Courts, made for their own protection and for the dispatch of their own business, and made in accordance with the written law, are subject to revision in the Supreme Court, wherever any captious attorney sees proper to make a question upon the rules, and carry them up to the Supreme Court, is just to destroy the inherent powers of the inferior tribunals, and take from them all their dignity, and all their rights of protecting themselves."

After appearing and filing his answer to the alternative mandamus, Judge Howard, at the July term, 1869, of the Criminal Court, at Greenville, had a complete record of the proceedings, on Mr. Ingersoll's motion, entered of record, including a bill of exceptions and the granting of an appeal, of which we have a transcript in this Court, under the improper caption of H. H. Ingersoll *vs.* the State. This is the record, to procure which, Mr. Ingersoll filed his petition for a mandamus, and which would have been procured by a peremptory mandamus, if one had been ordered by this Court. Whilst, therefore, it is unnecessary for this Court to order a peremptory mandamus, we deem it proper to remark, that, upon the petition and answer thereto, a case is presented, which, would have justified this Court in ordering a peremptory mandamus. If the Judge had been right, in his construction of the act of the 10th of Sept. 1868, and was authorized, thereby, to adopt the rule as to attorneys, his refusal to hear a motion to allow Mr. Ingersoll to practice, without taking the prescribed oath, and to allow the motion to be entered of record, and to sign a bill of exception, were abuses of his judicial authority and dereliction of official duty, so palpable, that this Court could not have hesitated to interpose for the protection of the rights of Mr. Ingersoll, and for the correction of the errors involved in the exercise of judicial functions. Nor, are we able to discover, the slightest legal excuse for his course in the reasons relied on by the Judge, in his answer to the alternative mandamus. If Mr. Ingersoll was guilty of violating any of the proprieties of an attorney, in his demeanor towards the Judge (of which we have failed to discover the evidence,) it was competent for the Judge, to protect the Court, by inflicting punishment, but to undertake to prevent his own official action from being reviewed, and revised, upon appeal to a higher tribunal, by refusing to allow proper motions to be made or entered of record, and by refusing to give the benefit of exception to his rulings in bills of exception, was a mode of maintaining "the inherent powers of the inferior tribunals" and of preserving "their dignity," and of "protecting themselves," altogether novel and unsupported by law. But, as we have already remarked, a peremptory mandamus would now accomplish nothing, especially since the Criminal Court, of which the said Howard was the presiding Judge, has been abolished by statute; we, therefore, deem it unnecessary to make any further order, in the matter of the petition for mandamus.

Upon the record, setting forth the proceedings in the case, as made out and sent up, in answer to the alternative mandamus, we deem it proper to remark, that we think the rule of the court as applicable to the government of the attorneys in the Criminal Court, over which Judge Howard presided, was based upon a total misconstruction of the 5th section of the Act of September 10, 1868. It is provided, in that section, that it shall be the duty of all the courts of this State, at every term, for two years, to call before them all the officers thereof, who shall be sworn, and have this act read or explained to them." Although, in one sense, an attorney is an officer of the court; yet, that he does not belong to the class of officers, referred to in this section, is too clear to admit of discussion, or to require elucidation. The idea that the Legislature ever intended that the Judges should call before them, at any term, for two years, all the attorneys of their respective courts, and have the Act of Assembly read or explained to them, and have them sworn to disclose, as common informers, all their knowledge as to persons, in or out of the State, who have been guilty of the offences in the act, commonly known as the *Kuklux* law, is so palpably absurd that it cannot be entertained for a moment. The language of the act plainly indicates that it was intended by the Legislature only to those persons who held offices and who were subject to the orders of the court, but not to attorneys, who hold no offices, and who are not subject to the orders of the court, except in well defined instances. See 2 Tomlin's Law Dictionary, Title office, p. 665.

It appears from the record, that the petitioner was a regular practicing attorney, in the first criminal circuit, and, as such, entitled, as a matter of right, to appear in the court for suitors, and to argue causes. As decided, in the case of *ex parte, Garland*, 4 Wallace, 379: "this right was something more than a mere indulgence, revocable at the pleasure of the court, or at the command of the Legislature. It is a right of which he can only be deprived by the judgment of the court, for moral or professional delinquency." And in the case of *Champion vs. The State*, 3 Cold., 141, this court says: "It appears, from the records of the court, the plaintiff in error had been admitted as a practicing lawyer in that court, and he was a regular licensed attorney of this State; and having taken the oath required by law, as prescribed by § 3965, and was enrolled as an attorney, the Judge holding the court had no right to impose other conditions, than those embraced in § 3965."

Holding, as we do, that the Legislature did not intend to subject attorneys to before the Judge, and sworn as to their knowledge of offenders, under the act of September 10, 1868, it follows, upon the foregoing authorities, that the Judge had no right to make, nor to enforce, the rule aforesaid, against the petitioner. The relief prayed for by the petitioner is, therefore, granted, and the defendant, A. W. Howard, will pay the costs of this proceeding.

### CHANGED THEIR TUNE.

When a resolution was introduced and read in the House of Representatives, on Friday, for impeaching the Governor for "high crimes and misdemeanors in office," the *Standard* had not a word to say, editorially, on the subject. Indeed, we believe that Pilgrim Ashley and his brother-in-law Martin, being of the carpet-bag element, who entertain no very great affection for the Governor, and young Harris who runs the local department of the paper, being of the Gen. Logan element, who have as little love for the Governor as the carpet-baggers have, are rejoiced at the prospect of the Governor getting into trouble. Not that they desire to see him punished on account of his "high crimes and misdemeanors," but that they may see him go to the wall because of his effort to kick the carpet-baggers overboard last summer.

We judge this to be the feeling of the parties named, and of the wing they represent, from the editorial which appeared in the *Standard* last week, and which we copy, the evident purport and intention of which was to urge and incite the Democrats and Conservatives in the Legislature to hasten the work of impeachment. But, as we have said above, now that the work of impeachment is inaugurated, the *Standard* is silent; it is satisfied. Here is the editorial:

#### THEY BACK DOWN.

"We gave it as our opinion several days ago that the Legislature would not impeach the Governor or the Chief Justice. We are strengthened in this view by an article in the Statesville *American* of the 8th inst.

* * * * * * *

It has been said that the so-called Democratic party is made up of slanderers—men who have no respect for private character, and do not hesitate to blacken the reputation of any man who stands in their way. Gov. Holden and the Chief Justice have been villified and slandered worse than if they were cut-throats, and now, when the men who slandered and villified them have been placed in power, they back down from their charges and say that the game is not worth the ammunition." Was there ever anything half so infamous? Was there ever anything so cowardly and more worthy of highway robbers, than such conduct? If the two officials mentioned are not guilty of the charges preferred against them, why not say so, then the people will understand why they are not dealt with. No, the slanderers of the so-called Democratic party never take back anything except it is rammed down their throats by physical force. Having made all the capital they can make by a systematic effort at slander throughout the entire State, they refuse to allow the Governor and the Chief Justice to vindicate themselves at the bar of the Senate. They want matters to remain just as they are so that they will be able to slander again when they think it will make capital for their party. Men who were guilty of such slandering during the campaign would be of more honor to the State if they were breaking stone in the penitentiary than they are likely to be as law-makers.

We demand a trial at the bar of the Senate. Innocent or guilty let us have a verdict. If the Democratic members of the Legislature fail to make good the charges made by them during the campaign, they are worse men than the Governor and Chief Justice if we admit that they are as bad as the Democrats say they are. Fail to impeach and you stand before the people convicted of slander and injury. Such will be the opinion that the people will entertain of every man who slached impeachment, and fails to vote to arraign the accused parties before the Senate."

With some slight modification of the phraseology, we are of opinion that those old hypocrites, Ashley and Martlin, have, in the above extract, spoken the sentiment of nine out of ten of the people of North Carolina in regard to impeachment. We have never heard but one Democrat oppose impeachment, and he opposed it on the ground of *policy*.

The people call for impeachment. The Radical Judiciary, almost to a man, refused to issue bench warrants against the Governor, declaring that the only way to reach him was by impeachment, and in the above extract, as in other articles before, his own organ (or what used to be his organ) demands it.

After a delay which worried only the impatient, the *Standard*, the Judiciary and the people will be gratified by the introduction of the resolution for the Governor's impeachment, "for high crimes and misdemeanors."

The propriety, justice and necessity of the impeachment of the Governor are unquestionable, if it can be shown that *one* citizen of the State was deprived of his liberty or rights contrary to law, and then denied the redress which the law and Constitution give him, by the deliberate action and armed force of the Governor,—and scores and hundreds were thus maltreated in the most notorious that no shadow of doubt rests upon it.

On motion of Mr. Troy, the bill to restore to the Western Railroad Company its original chartered privileges to regulate the appointment of State Directors and to define the vote of the State in the general meetings of the Stockholders of said Company was taken up.

### HOUSE OF REPRESENTATIVES.

SATURDAY, Dec. 10, 1870.

House called to order at the usual hour.

Prayer by Rev. Mr. Atkinson of the city.

Journal of yesterday read and approved.

Mr. Henderson, from the Committee on Corporations, reported on various bills, which were appropriately disposed of.

Mr. Robinson, from the Committee on Enrolment, reported several bills and resolutions as being correctly enrolled.

Mr. Jordan, from the Committee on Penal Institutions, submitted a report in regard to the communications of the Commissioners appointed to superintend the erection of the Penitentiary, and presenting a bill providing for the relief of the Penitentiary.

By Mr. Hill: A bill to amend the act chartering the Bank of Statesville; referred.

By Mr. Joyner, of Johnston: A bill to repeal section 16, chapter 127, laws of 1868–'69; referred.

On motion of Mr. Justice, the rules were suspended and the Joint Resolution that the General Assembly take recess from the 19th of December 1870 to the 9th of January 1871, was taken up.

Mr. Welch hoped this question of holiday would be voted down. He thought members should have patriotism enough to give up their selfish pleasures and stay here at their work and give to the people that speedy relief which they expected and demanded at the hands of this General Assembly.

Mr. Johnston of Buncombe, moved to amend by striking out the "19th of December" and insert the "26th," and strike out the "9th of January" and insert the "6th."

Mr. Johnston advocated his amendment in remarks of some length. He concurred with the gentleman from Haywood (Mr. Welch.) He was opposed to any recess except that of a day or two to commemorate, as good christians should, the natal day of our Saviour. He thought gentlemen should remain at their post of duty, and give the people the relief promised them.

Mr. Robinson offered a substitute for the whole taking a recess from the 23d of December to the 26th inst.

Mr. McAfee was willing to do away with a recess altogether, but if the General Assembly intended to have one, he thought a reasonable one should be taken.

Messrs. York and Harris, of Guilford, were in favor of a reasonable recess.

After some further debate the whole matter under discussion was, on motion of Mr. Carson, laid on table.

On motion of Mr. Carson, the rules were suspended and the joint resolution taking a recess from the 23d of December, 1870, to the 10th of January, was taken up.

The previous question was called and the resolution passed its second reading by a vote of yeas 81, nays 25.

Mr. Sparrow, from the Judiciary Committee, reported upon various bills and resolutions, which were appropriately disposed of.

Mr. Crawford, from the Committee on Engrossed Bills, reported a number of bills as being correctly engrossed.

On motion of Mr. Justice, the rules were suspended and the resolution in regard to a recess was taken up and put on its third reading.

Mr. Johnston, of Buncombe, moved to amend by striking out the "10th of January" and insert the "26th of December;" lost.

Mr. Houston moved as amendment that the members and officers of the General Assembly do not receive any *per diem* during the recess. Mr. Carson accepted the amendment and the resolution passed its third reading.

CALENDAR.

After a long debate and the adoption and rejection of numerous amendments, the whole matter was referred to the Committee on Propositions and Grievances.

Mr. Strudwick, from the Committee on Rules, submitted a report adopting with some amendments the Joint Rules of the last General Assembly.

The report was concurred in and adopted.

By Mr. Marler: A bill to relieve administrators and executors of the guilt of a *devastavit*, who contrary to the act concerning the settlement of the estates of deceased persons, laws of 1868–'69, have *bona fide* administered according to the law as it was before the passage of the aforesaid act; referred.

Resolution instructing the Finance Committee to report a bill in regard to the special tax money, was taken up and referred to the Committee on Finance.

By Mr. Justice: A resolution asking the House branch of the Joint Committee on Printing to report the terms of the contract for the public printing.

The rules were suspended and the resolution was adopted.

CALENDAR (CONTINUED.)

Resolution in regard to private bills, was taken up and adopted.

Resolution in favor of the Sheriff of Haywood, was taken up and referred to the Committee on Propositions and Grievances.

Resolution concerning internal revenue on tobacco and distilled spirits, was taken up and passed its second reading.

Resolution instructing the Judiciary Committee to prepare a general bill for the relief of Sheriffs, was taken up and laid on the table.

On motion of Mr. Waring, the rules were suspended, and the Senate resolution asking Congress to remove the political disabilities of Hon. Z. B. Vance, was taken up and adopted by the following ballot:

YEAS.—Messrs. Anderson, Armstrong, Ashe, Atwater, Atkinson, Brooks, Broadfoot, Brown, Bryant, Buxton, Carson, Chamberlain, Clinard, Crawford, Currie, Dickey, Duckworth, Furr, Gambrel, Garrison, Gatling, Gore, Gullick, Grayson, Gregory, Hampton, Henderson, Houston, Hill, Johnston, of Buncombe, Johns, Jones, of Caldwell, Joyner, of Johnston, Joyner, of Pitt, Kelly, of Davie, Kelly, of Moore, Kelsey, Kincaide, Lassiter, Lucas, Luckey, Martin, Marler, Maxwell, McAfee, McCauley, McNeill, Mills, Mitchell, Nicholson, Phillips, Powell, Rankin, Reid, Regan, Robinson, Scott, Settle, Shull, Smith of Anson, Smith of Wayne, Sparrow, Stanford, Strudwick, Tomlinson, Waring, Welch, Wilcox, Woodhouse, Young of Yancy, and York.

NAYS.—Messrs. Bryant of Halifax, col., Bunn, col., Dudley, col., Ellison, col., Faulkner, col., Fletcher, col., Goodwyn, Harris of Franklin, Hargrove, Johnson of Edgecombe, Jones of Northampton, Justice, Lyon, Malson, col. Morgan of Montgomery, Morgan of Wake, col., Newsome, col., Nixon, Page, Reavis, col., Robbins, col., Smith of Halifax, col., Tucker, col., and Willis, col.

By Mr. Martin: A bill to fix the *per diem* and mileage of members and officers of the General Assembly as follows:

Presiding officers $7 per day.

Principal and Assistant Clerks $6.

Enrolling and Engrossing Clerks, Doorkeeper and Members at $5 per day, and mileage at 20 cents.

On motion of Mr. Martin, the rules were suspended and the bill considered.

Mr. Johnston of Buncombe, moved to amend by making the *per diem*, of Presiding Officers at $6, Members $4, Clerks $5 and mileage 10 cents.

Malson, col., moved to lay the amendment on the table, but on being informed that such a motion would carry the original bill with it, he withdrew it.

Mr. Harris, of Franklin, (Rep.) hoped the amendment would be voted down.

Mr. Collis (Rep.) offered a substitute giving the Presiding officers $10, Clerks $7, and allowing members to fix their own *per diem* not to exceed $6, and mileage 20 cents.

The yeas and nays were called and the substitute was rejected by a vote of yeas 6, nays 92. Those who voted in the affirmative were: Messrs. Broadfoot, (dem.) Chamberlain, (dem.) Collis, (Rep.) Copeland, (Rep.) Johnston of Edgecombe, (Rep.) and Lucas, (Dem.)

The question recurred upon Mr. Johnston's of Buncombe amendment.

Mr. McAfee offered a substitute making the *per diem* of Presiding Officers $7, Members $4, Clerks $5, Doorkeepers $14, and mileage 10 cents by most direct route. The substitute was voted down.

Mr. Martin called for the previous question. The call was sustained and the question recurred upon Mr. Johnston's amendment, which was voted down.

The question then recurred upon the original bill of Mr. Martin, which passed its second reading by the following vote:

YEAS—Messrs. Armstrong, Ashe, Atkinson, Brooks, Broadfoot, Bryant of Halifax, Bunn, Burton, Chamberlain, Collis, Copeland, Currie, Darden, Dudley, Ellison, Faulkner, Fletcher, Garrison, Gatling, Goodwyn, Gullick, Gregory, Harris of Franklin, Harris of Guilford, Hargrove, Hardy, Henderson, Johnson of Edgecombe, Jones of Northampton, Justice, Kelly of Davie, Lucas, Lyon, Martin, Malson, McNeill, Morgan of Montgomery, Morgan of Wake, Mills, Newsome, Page, Phillips, Reavis, Reid, Regan, Robbins, Scott, Smith of Anson, Smith of Halifax, Sparrow, Stanford, Stewart, Sykes, Tucker, Waring, Willis, Wilcox, Woodhouse, Young of Yancy—59.

NAYS—Anderson, Atwater, Brown, Bryson, Carson, Clinard, Crawford, Dickey, Duckworth, Furr, Gambrel, Gore, Grayson, Hampton, Houston, Hill, Johnston of Buncombe, Johns, Joyner of Johnston, Jordan, Kelly of Moore, Kelsey, Lincade, Lassiter, Luckey, Marler, Maxwell, McAfee, McCauley, Morris, Mitchell, Nicholson, Nixon, Rankin, Robinson, Settle, Shull, Smith of Wayne, Strudwick, Tomlinson, Welch, Womack—42.

On motion the rules were suspended and the bill passed its third reading by a vote of yeas 57, nays 41.

On motion, the House then adjourned.

NOTE.—During the ballot on the second reading of the bill in relation to *per diem* and mileage, Mr. Robinson said he voted against the proposition fixing *per diem* and mileage for three reasons: First, because he came here to vote for $4; secondly, because 20 cents a mile was too much, and thirdly, because it discriminated between Clerks, paying one class $5 and the other $6.

Tucker, col., would vote for $5 but would rather have the *per diem* made $6 per day.

The Reporter neglected to mention in the proper place an amendment offered by Mr. Tomlinson, making the *per diem* of members $3 per day, also the remarks in which he made in advocacy of it.

During the discussion, Mr. Jordan said he had not put in many appearances in this House; was content generally to let the propriety of his votes be their explanation; but this bill takes effect only from its ratification, thereby allowing members to receive the seven dollars allowed by the last General Assembly. Furthermore he was opposed to the amount proposed. Members owed it to their constituents to practice some self-denial, and not, because they occupied the anomalous position of being able to fix their own pay, to vote themselves what would make them perfectly easy. He would on both accounts oppose the bill.

For the Sentinel.

DEAR EDITOR: I have just read the weak, undignified, tedious and disjointed "document," styled the "President's message to Congress."

The *general character* of the "message" reminds me of Hon. Charles O'Connor's illustration of "pleading under the *New York Code*." He says "you must tell your story, precisely as your *clients* tell it to you; just as some old woman in trouble would for the first time narrate her grievances, &c. One of the prominent, distinctive features of this "message" is indicated in the following declaration: "It is to be regretted that a free exercise of the elective franchise has by violence and intimidation been denied the States lately in rebellion, and the verdict of the people has thereby been reversed." The application of this to North Carolina, means that by violence and intimidation the people were prevented from voting. Hence Democratic victory.

"Some people seem to believe and to act on that belief, that "a lie well stuck to, is as good as the truth." This appears especially to be the philosophy or religion of the invisible editor of the *Standard*. (Raleigh *Sentinel*, Nov. 15th, 1870.) Please make the application to the "man" that the *soi disant* "Admiral Porter" charges with wearing "borrowed plumes," "avariciousness," "lack of magnanimity," and "pruriency for fame not earned," &c., &c.

North Carolina, Alabama, Tennessee, Florida, Missouri, and other Southern States, refute this charge, as a "base and glaring lie," conceived by the "arch-Devil" of lies for partizan purposes. Unfortunate, distressed South Carolina concedes its truthfulness. Some will readily conclude that this indicates "Congressional interference," and will counsel "moderation," and admonish against "hasty measures," such as impeachment. Mr. Editor, I feel proud of our Legislature, i. e., the material. I have confidence in such men as Allen, Warren, Robbins, Graham, and many others, in the Senate and the House. Let them be sure they are right, and the "gates of hell shall not prevail against them." If Holden, Pearson, *et id omne genus*," are guilty of crimes, of "commission" or "omission" which render them liable to impeachment, impeachment will be inevitable. Mr. Grant's message to the contrary notwithstanding."

WHAT THE CITY PRESS SAY:

PRIZE DRAWING.—Quite a crowd assembled at the Theatre yesterday noon, to witness the Grand Drawing of the North Carolina Beneficial Association. There were 100 prizes in all, and little rolls of paper separating these were placed in a wheel on one side, while the tickets were in another wheel opposite to the former. Between the two was a table, at which sat the Judges and Mr. John London, Commissioner. The wheels were made with glass sides, so that everything within them could be seen and were securely locked, until the drawing began. This was done by means of two little boys, who were securely blind-folded, one drawing a number from one of the wheels and the other the prize to correspond with it. There is no question but that the drawing was done in a perfectly fair and just manner.—Wilmington Daily Journal, Dec. 2nd.

THE GRAND DRAWING YESTERDAY.—The grand single number distribution of the N. C. Beneficial Association, which took place at the Theatre yesterday, at 1 o'clock, was the all absorbing theme during the day. The drawing took place in public, a committee having been selected from the audience to act with the Commissioner in keeping an account of the same and to see that it was conducted fairly. Quite a respectable crowd was present to witness the drawing. The following numbers drew the principal prizes: No. 5110, $5,000; No. 6000, $2,500; No. 5726, $2,500; No. 2842, $2,000; No. 1407, $1,000; No. 4412, $1,000; No. 1486, $500. CITY AND STATE ITEMS.

MONDAY, DECEMBER 12, 1870.

☞ THOS. S. RAINEY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

THE BARN-BURNERS.—Officer W. H. Norris brought to the city, Saturday evening, David Hackney, Alvin Hackney, Norman Raines, and Ransom Clarke, all colored, arrested upon suspicion of being concerned in the burning of the gin-house of Messrs. Leshly and Holleman. A preliminary examination was had before Justices W. B. Jones and A. B. Freeman. The parties were held to bail in the sum of $2,000 each, and failing to give it, they were sent on to jail, to be held until the next term of the Superior Court.

P. S. Since writing the above, three more of the culprits have been brought to the city, B. Bright, Henry Hinton and Dick Utley, all colored. The evidence against these three is very conclusive.

THE NORTH CAROLINA HOME FIRE INSURANCE COMPANY is doing a fine business. Applications are coming in daily from all sections. It is eminently deserving this confidence and patronage on the part of our people. It is perfectly safe and responsible, and conducted upon the highest principles of insurance.

THE COTTON MARKET for the past week has been active. The receipts in this city for shipment, storage and sale, will average 1000 bales per week.

The prices range fair, compared with the fluctuations of the New York market. Our country farmers will do about as well to sell in Raleigh as they will to ship, and by disposing of their products here they contribute largely towards building up our city.

NATIONAL HOTEL.—If any one believes that Rutjes don't know how to keep a hotel, just drop in at the National Hotel about meal time and all doubt will vanish. Everything will be found in the best and neatest style, and the table supplied with everything to tempt the most fastidious appetite.

ABSENT.—Mr. Allen, Senator from Duplin, will be absent from his seat, by leave of the Senate, from and after to-day, to attend to the duties assigned him as Commissioner to take depositions in the contested election case between R. W. Lassiter, Esq., and Col. L. C. Edwards, in the District composed of Granville and Person.

CABBAGES.—Mr. Weathers, north of the Yarborough House, has a lot of as fine cabbage for sale as we have seen this season. Those who have anything to "grease" cabbage with would do well to call on him.

FATHER MCNAMARA'S FAIR TO NIGHT.—Our townspeople and the public generally are reminded that the Fair commences this evening in St. John's School. A generous public need only to be reminded of this in order to call out their co-operation. Education and other benefits have been dispensed by Father McNamara on all applicants equally—whether belonging to his persuasion or not. He is endeavoring to establish these works of education and charity permanently in our midst; and we anticipate this Festival will afford him much aid and encouragement from all classes.

BEASLEY, Senator from Bertie, attempted to dodge voting on the bill which was before that body yesterday, to repeal the infamous Shoffner Military bill, but he was called to face the music, and voted *against* the repeal. Let this be remembered.

The *Argus*, of Wadesboro, of Nov. 17th, has just reached us. The route from here to General Dargan's home needs reconstructing.

Pimples and brown spots on the face Eruptions, Blotches, Scrofulous Diseases, and all sores arising from impure blood, are cured by Dr. Pierce's Alt. Ext. or Golden Medical Discovery. Pierce, Buffalo, N. Y.

"SPALDING'S GLUE," handy about the house, mends everything.

ANOTHER MYSTERY SOLVED.—Chemists being unable to discover the ingredients in fragrant *Sozodont*, which removes all stains from the teeth and imparts such a peculiar rosiness to the gums, the public are hereby informed that it is a preparation from the Bark of the *Quillaya Saponaria* or Soap Tree of Chili, imported for the first time into this country for this special purpose. Such is the purifying and inocuous effect of this rare botanical agent, that it removes discolorations from the most fragile textile fabrics, without injuring a single thread.

## FAITH WELL FOUNDED.

In old times, at the commencement of every season, it was the fashion to take a strong cathartic as a safeguard against a change of temperature. It was a worse than senseless practice. The people of our day understand the matter better. Instead of depleting the system they reinforce it. In the method they adopt they exhibit a wise discrimination. Instead of resorting to the vitiated stimulants of commerce, or any of the compounds derived from them, they put their faith in the only absolutely pure invigorant procurable in the market—Hostetter's Stomach Bitters. Their faith is well founded. Never has any tonic medicine been prepared with such scrupulous precision and conscientious care. It is a vegetable compound of which every ingredient is sound, wholesome and medicinal in the true sense of the word. Now, we have three prominent national complaints. One half of the adult population of the United States suffer more or less, either from disease of the stomach, derangements of the liver, or affections of the kidneys. In no other land under heaven are these maladies so general as in this country, and Hostetter's Bitters is a specific for them all, unless organic in their origin, and therefore, beyond cure. And let those who are fortunate enough to be exempt from them at present understand one great fact, viz: that an occasional use of this vitalizing tonic will as certainly prevent them as the sun will prevent the earth from freezing where its genial beams descend.

## MORE TROUBLE FOR ROTATING DICK.

This young gentleman will be pained to know that his friend, Gov. Holden, invaded Guilford county last summer, and seized Mr. Louis H. Smith, *et al arrests*, and dragged him from his home by Kirk's robbers, and imprisoned him in Alexander.

The Rotator said, at Salisbury, that Holden's "invasion of Orange and arrest of Jo Turner" could not be defended. That the Governor could be defended in all he did in Caswell and Alamance, for those counties were in insurrection, but his invasion of a county *not* in insurrection was not defensible.

Now, what will Dick say about the invasion of Guilford, and the arrest of Mr. Smith? And what about the arrest of Dr. Williams, of Cleaveland? And of the invasion of Moore county and the ousting of the Sheriff elected by the people?

"O, Richard, Richard!" Your friend's enormities are more than you can defend, and it is some sign of grace in you that there are *some* things you can't defend, even in your friend, the Governor.

## *DONT BITE AT THE BAIT.*

K. K. Worthy, Esq., Sheriff of Moore county, who was ousted from his office and forced to surrender his keys and papers by Holden's State Troops, and his friend and fellow-countryman, Mr. McNeill, the Clerk of the Court, who was threatened with arrest by the militia, were in this city on Saturday.

Mr. McNeill is the gentleman so vilely assaulted by the Governor and his friend Daniel Graham, the murderer of the McLeods, the Governor procuring and publishing in the *Standard* a long rigmarole of evidence from the said Graham, the murderer and thief, alleging that Mr. McNeill and others of the best men in Moore county, had been engaged in murder, arson, &c.

The Governor sent out one of his ex-"melish" to invite these gentlemen to his office, but without himself being known in it. But they have not called yet. He made overtures to Gov. Vance for a political talk with him; Worthy and McNeill will talk with the Governor after his interview with Gov. Vance; Gov. Vance will talk with Gov. Holden on the subject of politics and pardon, Gen. Bennett and old cognac brandy, when Billy Smith shall cease to blow his horn and Gabriel begins.

HEAVY TAXES.—A gentleman of Craven county, who resides in Township No. 4, of that county, informed us last week that the tax assessed for that township by the township commissioners, for the present fiscal year, is three dollars on the hundred dollars of property. This is independent of the State and county tax.

This township is Radical, and only one in ten of the negro voters residing in it have given in any tax list at all.

In Granville county a farmer's plow horse was sold for taxes, and we think it likely that the good people of Craven will not only have their horses sold, but their plows, wagons, and everything else, unless we can get a Convention and abolish the odious township system, with the commissioners and every other part of the machinery belonging to them.

The tax-payers in Township 4, in Craven have refused to pay the tax and appealed to the law for an injunction to stop the collector. A Convention would be the best thing to stop him; it would stop the whole concern at once.

At the Convention of the citizens of Buncombe and other counties lying on the Western Division of the Western North Carolina Railroad, held at Asheville, for the purpose of taking steps to "expose and punish certain Railroad officials who have perpetrated the greatest frauds upon our people, in robbing us of the funds appropriated by the State for the construction of railroads in this section of the State," the following resolution was adopted:

*Resolved*, That the chairman appoint a committee of one delegate from each county represented in this meeting, to draw up and present to the Legislature a memorial setting forth our grievances in connection with the frauds and embezzlement of the public moneys entrusted to the managers of the Western Division, W. N. C. R. R., and others who may be their accomplices, and to report a plan of action.

Whereupoh, the chairman appointed the following committee:

Gen. R. M. Henry, Macon; J. J. Gudger, Madison; Marcus Erwin and M. Patton, Buncombe; R. G. A. Love, Haywood; J. W. Bowman, Mitchell; J. M. Gudger, Yancey; H. T. Farmer, Henderson; E. R. Hampton, Jackson.

The committee were instructed to insert in the memorial that all public officials entrusted with the control of public funds be required to give good and sufficient bonds for the faithful discharge of their duties.

It was also suggested that the committee be instructed to report "that all persons who should be guilty of embezzling the public funds be punished with death." This was modified, but the Convention insists on the "heaviest punishment the Constitution will permit."

This looks like business. Let the committee push the matter, and spare not the offenders.

UNREPENTANT REBELS.—In the Senate on Saturday, the bill to repeal the Shoffner military bill was passed. On the final passage, the following "unrepentant rebels" against the State, the constitution and the people, voted against the repeal; namely, Beasley (who tried to dodge but got caught), Eppes, col., Hyman, col., Lassiter, Lehman, Moore and Olds. These unrepentant rebels still tick to the Shoffner bill, and the Kirk and Burgis outrages committed under it.

SUDDEN CHANGES OF WEATHER ARE productive of Throat diseases, Coughs, Colds, &c. There is no more efficient relief in these diseases to be found, than in the timely use of "*Brown's Bronchial Troches*." They possess real merit, and have proved their efficacy by a test of many years, having received testimonials from eminent men who have used them.

## *WELL SPOKEN.*

The Chicago *Tribune*, (Rep.) says:

If the disability of Vance be not removed, then the real reason will be that he is a Democrat. This is wholly untenable as a party act it is most impolitic and indefensible, and, therefore, we hope that there will be no objection anywhere to his admission. Indeed, the proper way is to make one job of it, and, by general act, remove the disabilities of all.

To which the New York *Express* adds:

It is high time that Congress was done with doling out pardons, and if the rebukes from North Carolina, Tennessee and Missouri are not heeded, the Administration and Congress will not believe though one come from the dead.

Gratz Brown told a few wholesome truths at a complimentary serenade given him by his political friends in St. Louis, the other evening. Among other things, addressing the veteran Union soldiers present, he said:

"*Soldiers:* Wherever I have gone in the canvass of this great State, I have ever found that those who bore the brunt of battle were the first to extend the right hand of reconciliation—[cheers]—prompt to forget all animosity, and to consign to oblivion obsolete issues, bygone phraseology, past nomenclature. It was only those who held high carnival in the rear that would still prolong the note of discord, hoping for continued pillage."—

Words like the above have the true ring, and will find an echo in the breast of every true American citizen.

"Petroleum V. Nasby," the distinguished Ohio Radical, delivered a lecture recently in Boston, on the "Man of Sin." It is full of hard hits. Among other things he says:

"I saw cadetships sold for dollars. I met judges of courts in the Southern States who, ten years ago, were hostlers in livery stables in the North, and whose knowledge of criminal law they had gained from standing in the prisoner's dock."

Petroleum, as an artist you are a success. You came to North Carolina, you saw the Judge of our Seventh District, and you have painted a picture as natural as life.

The Tarboro *Southerner*, in an article urging the removal of the Governor and certain Judges, concludes:

"To permit them to remain unmolested without an effort to dislodge them, would be a gross acquiescence in their crimes, and a base surrender of principle. We do not for a moment believe that the Legislature will shrink from its duty in the premises. We are willing to trust the whole matter to that body—confidently assured that the subject will be wisely and searchingly considered, and no motive of mere policy will deter them from the faithful performance of the sacred obligations resting upon them."

HEN MANURE, ASHES, PLASTER, AND SALT.—A valuable fertilizer, and one in reach of every farmer, especially adapted to garden culture as well as for top dressing and field culture, is hen manure, ashes, plaster, and salt mixed in equal quantities, excepting the salt, of which one-fourth will be sufficient. Mix intimately, and apply either in hill at the surface, or broadcast. It gives good results upon all soils, and crops. I keep usually about twenty-five hens; these roost at a certain place the year round. Beneath the roosts is a light plank floor. The annual produce of droppings is six barrels of the pure thing. This, mixed with the same of ashes and plaster, gives eighteen barrels the salt brings it up to twenty barrels of choice fertilizing compost, equal to much of the superphosphate of commercial manure firms, and worth far more than the manure from two cows.—JOHN JONES, *Rural New Yorker*.

## TELEGRAPHIC.

Saturday Evening Dispatches.

NEW YORK.

NEW YORK, Dec. 10.—The conference between the strikers and employers is unsatisfactory, neither party willing to make concessions. The committee reported that nothing can be expected from the Bosses, and the strike goes on.

CALIFORNIA.

SAN FRANCISCO, Dec. 8.—McCormick's majority for Congress in Arizona is 957.

FOREIGN.

LONDON, Dec. 8.—China news received at the war office to-day shows further serious hostile demonstrations towards Christians at Tien Tien.

It is reaffirmed to-day that Russia has ordered from America one hundred mitrailleuses and a million of metallic cartridges.

Many English are arriving from Havre, who report that the Germans are marching towards that place; its investment is hourly expected.

A dispatch from Havre, 7th, says the Prussians are advancing, the French gave them battle two miles distant; losses about equal on both sides.

The Prussians exacted 750,000 thousand francs in Burgundy for the expulsion of the Germans.

BERLIN, Dec. 8.—French officers who are prisoners in Germany, protest against the restoration of the Bonaparts.

VERSAILLES, Dec. 7.—The Prussians are vigorously pursuing the army of the Loire.

HAVRE, Dec. 8.—Iron clads have been ordered by the French Government to repair to Havre to assist in the defence of the city.

WASHINGTON.

WASHINGTON, Dec. 10.—The collection of the income tax from Brigham Young has been postponed until Congress can settle the questions at issue.

It is telegraphed from Washington, and little doubt is entertained of the truth, that Schenck will be nominated as minister to England.

The Naval committee has reported favorably on Porter's nomination as Admiral, but under objections. Confirmations went over.

The "Chronicle" newspaper is offered for sale.

The President and Cabinet, except Grant, attended the Walbridge funeral.

Specie shipment from New York to-day nearly half a million.

FOREIGN.

LONDON, Dec. 8.—The "Times" has a striking and conciliatory editorial on the Alabama claims, and asks no indemnity for invisible heaped upon England for deputations (?) but craves a settlement of the claims not merely because they are just, but for the inauguration of better feeling between the two countries.

The morning Post sees no hope of better relations with the United States. It says the best Americans avoid or are driven from political life, while men like Butler wield political influence.

Five hundred cases of guns from America were seized upon their arrival here, but have been restored to the consignors.

BERLIN, Dec. 7.—The provisional correspondence of this city says, the proposed amendments to the constitutional treaty are still pending, the rejection or adoption of which at the present time would equally endanger peace. All amendments thus far have been opposed by the Government and rejected.

$3 Watch! $3 Watch!
THE GREAT EUROPEAN
EUREKA ALUMINUM GOLD WATCH CO.
HAVE APPOINTED
J. F. Williams & Co., Jewers, 561 roadway, N. Y.
SOLE AGENTS FOR THE UNITED STATES.

And have authorized them to sell their great EUREKA ALUMINUM GOLD WATCHES for three Dollars, and to warrant each and every one to keep correct time for one year. This Watch we guarantee to be the best and cheapest timekeeper that is now in use in any part of the globe. The works are in double cases, Ladies and Gent's size, and are beautifully chased. The cases are made of the metal now so widely known in Europe as Alumin Gold. It has the exact color of gold, which it always retains. It will stand the test of the strongest acids; no one can tell it from gold only by weight, the Aluminum gold being one fourth lighter. The works are all made by machinery, the same as the well known American watch. We pack the watch safely in a small box, and send it by mail to any part of the United States on receipt of $3.50; fifty cents for packing and postage. A key is sent free with each watch.—Money should be sent by Post-Office Money order or in a registered letter. Address all orders and communications to

MR. EDITOR, SIR:—The object of the above enterprise since its commencement, now nearly two years, has been to induce immigration to our State, and to turn the tide from the great West, to our Sunny South, also to call their attention to the superior advantages and inducements we hold out over all other States in the Union. To do this we have made every effort to show our land owners (not by selling) one-half of their large tracts to energetic men, with money, at a reasonable price and on easy terms to enable them to improve their property, which would have advanced the remainder double what they asked for the whole tract eighteen months ago. Our charges being so reasonable only 2½ per cent. and nothing unless a sale is perfected, that both county and city property owners can avail themselves of this opportunity of offering for sale lands of every kind, without any outlay.

Now being the season of the year when people have leisure to travel, and are now visiting our State in search of homes, we invite all who have lands to dispose of to call on or address us.

### ...RNING OUT HORSES TO GRASS.

A correspondent of the N. Y. *Times* ...tes as follows on this subject: "When ...ses have suffered in their work from ...ything of the nature of a strain of the ...rs or of their ligaments, or when their ...s are very much the worse for wear, ...y should be treated as a man would be ...o had sprained his ankle and must be ...ained to a halt. On the other hand, I ...ve seen horses which were good on ...e legs, but stale, groggy, and tucked ...p from hard work, and dry and exciting ...od, improve as if by magic, when turn...d out to grass on the following plan. I ...have housed them during the day time in ...a well ventilated dwelling, so as to exclude ...the sun and flies, giving them about a ...peck of grain daily, with bran and clover ...chaff; they have then been turned out at ...night in a pasture in which there was an ...abundance of grass. Under these circum...stances, they are never tormented by flies: ...when they are out all is cool and quiet the ...long grass saturated with dew supplies an ...admirable, cool, refrigerating poultice to ...their legs and feet, and the grass they get, ...combined with their daily grain, seems to ...clean their bodies without much interfer...ing with their condition for work. I have ...taken horses treated in this way as late as ...September, and had them in very fair or...der for work by the commencement of ...hunting season. I am aware that this sys...tem will not suit all horses; small barrell...ed, washy horses are too much purged by ...green food; they are also, in general, rest...less and irritable, galloping about, and ...missing their companions, and so are bet...ter at home. This may possibly be the ...case, but with valuable horses we must ...not grudge a little trouble."

A DISCOVERY ABOUT COBS.—In this thinking and observant age, new ideas and discoveries are constantly being known, many of which, it is true, are never afterward heard of, while others pass into the treasury of established fact, when their merit has been proven. We have just met with the following paragraph in an exchange:

An intelligent and reliable farmer, who has for many years been making experiments with corn, has discovered an importance and value in replanted corn which is quite novel and worthy of publication. We have always thought replanted corn was of little consequence, but this gentleman says it is of so much consequence he replants whether it is needed or not—or rather, he plants two or three weeks after the crop is planted about every fifteenth row each way. He says: If the weather becomes dry during the filling time, the silk and tassel both become dry and dead. In this condition, if it should become seasonable, the silk revives and renews its growth, but the tassel does not recover. Then for want of pollen the new silk is unable to fill the office for which it was designed. The pollen from the replanted corn is then ready to supply the silk, and the filling is completed. He says nearly all the abortive ears, so common in the corn crops, is caused by the want of pollen, and that he has known ears to double their size in the second filling.

MIXED HUSBANDRY.—The lessons of the past are not well remembered. Every few days some new excitement is raised about the enormous profits that are to be made by such and such crops, or such and such animals. Our older farmers will remember the excitement raised some thirty years ago, or more, over the silk worm. Everybody was infected with an insane desire to raise silk. A little later, and an equally strong propensity was exhibited for Shanghai chickens. After this came the sheep fever; then the strawberry and grape excitement; and now we have the small grain and potato speculations. Interspersed with the above, we have had side shows of hops, cranberries, pigs, and cattle. While these excitements have lasted, many credulous farmers have been seduced from their routine of mixed crops, and have ventured their all upon these new-fangled ideas.

We are not prepared to condemn these efforts of industry, although they reflect somewhat upon our intelligence; but they have usually resulted in some good to the country, if not to individuals. We would advise our farmer friends, however, to hold themselves aloof from these excitements, and not allow themselves to be blinded by any glittering specialties.—Stick to a system of mixed crops, for therein lies your only sure prospect for making money. If you desire to experiment with broom corn or Jersey hogs, hops, or fancy oats, do it in such a way as will not destroy the best sources of making money for the season.

SWEET POTATOES.—Throw up earth about one foot above the surrounding level, cover it with boards and cover these two inches with dry pine straw. Take four slats, two inches wide and 41-2 feet long, bore holes with an auger through these at intervals of 4 inches, nail them together so as to form a hollow and set it up in the middle of the potato bed. Pile the potatoes around it nearly to the top—cover them two inches with pine straw—cover the straw with boards, and pack earth on the boards 6 inches thick. Then building a three rail pen around the bank, leaving the south side open, and cover securely with plank, slanting the roof to the North and a sufficient ditch around the pen. Keep a hole at the top of the heap closed in cold weather. Be careful to recover the bank when opened to take out potatoes, and if you don't draw too heavily on it, in winter, it will be solvent in the spring.

EDITORS AND NEWSPAPERS.—Compare the orator, one of the noblest vehicles for the diffusion of thought, with the newspaper and we may gain a faint glimpse of the multitudinous power of the latter. The orator speaks to a few hundreds, the newspaper reaches millions. The words of the orator die in the air, the language of the newspaper is stamped on tables imperishable as marble. The arguments of the orator may affect each other so rapidly that a majority of the audience may struggle in a net of confusion—the reasoning of the newspaper may be scanned at leisure without a shade of perplexity.—The passion of the orator influences an assembly, the feeling of a newspaper electrifies a continent. The orator is for an edifice, the newspaper for the world, the one shines for an hour, the other is for all time; the orator may be compared to lightning, which flashes over a space for a moment, but it leaves it again darkness; the newspaper to a sun blazing steadily over the whole earth, and resting on the basis of its own eternity." Something has been happily defined "the art which preserves all arts." Printing makes the orator more than an orator. It catches the dying words, and breathes into them the breath of life. It is the speaking trumpet through which the orator thunders to the sons of ages. He leans from the tomb and the cradle of rising generations.

The Montgomery *Mail* says: Radical is a good and unconstitutional noun, black is a verb declining in number, African genders in case, governed by negro—according to the Puritan rule, one ignorance governs another.

If a man should file alphabetically, he would be Candid, Daring, Faithful, Grateful, Honorable, Just, Kind, Loving, Moral, Noble, Polite, Quick, Religious, Truthful, Upright, Valiant, Worthy, Y's and Zealous.

LIFE INSURANCE AS AN INVESTMENT.

THE

WIDOWS AND ORPHANS

BENEFIT LIFE INSURANCE COMPANY

OF NEW YORK.

Cash Assets over $1,500,000,

ISSUES ALL FORMS OF NON FORFEITABLE, WHOLE LIFE AND ENDOWMENT POLICIES, on the Mutual Cash Plan, declaring dividends annually after the first annual premium paid. Assets exclusively Cash, with no portion of its reserve fund in premiums notes, consequently its "reserve" is stronger than that of any company doing business in this State. No "definite surrender values guaranteed" as an inducement to new business, but reference is made to the average amount paid on each surrendered policy, as shown by the New York Insurance Reports, 1870, as evidence of having paid larger surrender values, than has been given under a minimum "Definite Cash Surrender Name." Death losses have not occurred out of several hundred policy holkeys in this State, which fact must establish the better ability of the Company to pay larger dividends than companies having an excessive mortality, the result of a selection of bad risks. "Fictitious Dividends are not declared, but dividends are given from the actual surplus, in accordance with the Company's charter. The attention of the public is invited to the following comparison of cost, demonstrating the advantages over ordinary insurances, of the

TONTINE DIVIDEND PLAN:

| Ordinary Life Policy, Tontine Dividend Plan. Age 38, amount $10,000. 10 years in force. Annual Premium $291.50. | Ordinary Life Policy. Mutual Plan Cash Co. POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE IS THE ONLY COMPANY IN AMERICA WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation for judgment of investment, economy of management, and skill and care in the selection of risks; upon which elements of administration the security of a Life insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the cash value of their Policies, each and every year, and a certain legal standard of reserve and accumulation must be held by the companies to meet all their liabilities.

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its Cash assets are upwards of $15,000,000 00, and constantly increasing.
2. None of this is made up of Promissory Notes, as in many Companies.
3. Its Cash Income per annum is over $6,500,000 00, and steadily growing larger.
4. None of this is composed of the notes of hand of policy-holders, as is the case in many Companies.
5. It has paid to Widows and Orphans, and other claimants under policies on deceased members, about $7,000,000 00.
6. Such payments are made in Cash, and not partly in Cancelled Notes, as is the case in many Companies.
7. No deductions are made from the face of a Policy, for Premium Notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $5,500,000 00, and upwards, in cash divided among Policy-Holders, (this included the dividend for the present year,) as profits of the business.
9. All the profits of the business are annually divided among the assured Equitably, instead of being wholly or partially distributed among the Stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available, as cash in payment of Premiums.
11. The dividends are made from the start, and not postponed until the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made More progress since its organization than any other Life Company in the World.
14. Its risks have been so carefully selected, and its dealings so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other Company in the World.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment Policies."
17. The amount of new business during the year, ending December 1, 1869, was $51,021,041.
18. Its Policies average larger in amount than those of any other Company, showing that Capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division, and not by the mode adopted by many Companies.
20. It is as liberal in the conduct of its business as is consistent with the safety of the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business, as is the case with many new Companies.
21. It is the favorite Company in the United States, as is shown by its new business last year, being nearly $15,000,000 greater than any other Company.
